

Our programs reinforce these PA Learning Standards for Early Childhood and Elementary Education Grades PreK-6

 	Our programs reinforce these PA Learning Standards for Early Childhood and Elementary Education Grades PreK-6								
	Science and Technology and Engineering Education			Health, Safety and Physical Education		Family and Consumer Science		Approaches to Learning	Partnerships for Learning
<b>Children's Oral Health Education Programs: Let's Talk Teeth</b>	3.1 Biological Sciences	3.4 Technology and Engineering Education	15.4 Computer and Information Technology	10.1 Concepts of Health	10.2 Healthful Living	11.3 Food Science and Nutrition	11.4 Child Development	AL.1 Constructing and Gathering Knowledge	Families, Schools, and Communities
<p>Our 30 minute oral health experience is a snack-sized, age-appropriate program with loads of information to chew on. We invite participants to bring their stories to the table and we share ours about brushing, flossing and healthy food and drink choices. We review the unhealthy choices that leave a bad taste in the mouth and make a meal of our trip to the dentist where bright smiles are the main course. Every participant leaves with a bag of tasty treats to help him make healthy habits and healthy smiles at home.</p>
